Mellon Investor Services' suite of services encompasses the professional and technical resources its clients need to effect a reverse stock split. Most commonly, companies implement reverse stock splits to increase their market price per share.

Mellon Investor Services can offer its clients the full range of services needed for reverse stock splits for its various types of shareholders, including registered shareholders holding certificates that need to be exchanged, as well as book and "street name" holders. Incorporating Mellon Investor Services' communication, printing and logistics and transfer agent services, reverse stock splits are accomplished accurately and smoothly.

One advantage of using Mellon Investor Services is its unique ability to provide a complete suite of services. As a single-source provider, Mellon Investor Services can act as Information Agent, Tombstone/Media Placement Agent, and Printing and Logistics Agent.

## Client Benefits

- *Quality* ~ Mellon Investor Services has repeatedly been ranked first among its peers in Group Five, Inc. quality surveys.
- *Outstanding Processing System* ~ Mellon Investor Services uses a state-of-the-art processing system to help ensure timely and accurate processing, while managing the complexities of physical and book holders, DR plans and DTC. The system also helps ensure that holders who have not exchanged shares will have dividends and other corporate actions properly accrued when the shares are eventually exchanged.
- *Analysis* ~ Through our Investor Relations Support Group, clients can obtain detailed analysis of projected behaviors of institutional shareholders as they will exist after the stock split.
